Description

According to ADR, Chapter 3.4 (European Agreement on the Transport of Dangerous Goods by Road), small quantities of hazardous materials may be combined in a container and transported, if the container is labelled with the symbol “LQ” (Limited Quantity- small quantities of hazardous materials). Please read about the details of these regulations in the appropriate literature. You are complying with this regulation by fixing the LQ label to the L-BOXX.

The label designates the container for transport, by road, rail and ship.

The packaging unit consists of 1 label.

Note: According to the ARD regulations, direction labels are also mandatory.
