

## Mounted light LED 12 V with motion detector for vehicle interior

Material no.: 6000003788 | Matchcode: EL LA MD 12V 6,6W | EAN code: 4045294524487

- » Integrated motion sensor
- » Operating voltage 12 V
- » Colour temperature 5700 K / light flux 450 lm
- » Additional output for other consumers
- » Continuous operation possible (additional input)

### Materials & Colour

Material: PC

### Dimensions

External dimensions: 155 x 155 x 15 mm

### Technical details

Weight: 0,14 kg

IP Protection: 65

Voltage in volts: 12

### Conformity

EMC Compliant: Yes

## Mounted light LED 12 V with motion detector for vehicle interior

Material no.: 6000003788 | Matchcode: EL LA MD 12V 6,6W | EAN code: 4045294524487

### Accessories

	Material no.	Description	Matchcode	EAN code
	600000710	Two-way switch round on/on	EL WS ON/ON	4045294209810
	1000002080	Cable attachment kit for on/off switch	EL AK ON OFF	4045294234898
	1000002079	Cable attachment kit w.a two-way circuit	EL AK WS	4045294234881

### Description

The mounted light 12 V is the optimal solution for illuminating your vehicle interior. Thanks to the integrated motion sensor, the light switches itself on when you enter the vehicle – no more awkward fumbling for the switch. And an empty battery caused by not switching off the light is also a thing of the past.

The switch-on time is adjustable from 30 - 60 s. The light has in addition an extra switching input via which it can be switched over to continuous operation.

The lights round shape enables an evenly spread illumination of the vehicle interior. In addition the LED technology ensures high illumination strength even at reduced power consumption (power input 460 mA).

With this light even more appliances can be switched on via an integrated 12 V switching output. The output is resilient up to 1.5 A, and can be used for example for further lights.

The light has protection class IP 65.
