Description

The divider S-BOXX 04-5 is a practical add-on for the S-BOXX 04-5 and enables a sub-division of the BOXX into several compartments. The compartments enable the user to store various consumable materials in an S-BOXX without these becoming mixed with each other. Time consuming searches for the correct parts thereby become a thing of the past.

We reserve the right to make changes in the interest of technical progress, as well as correcting printing errors and mistakes. Pictures are similar, decorative material not included. With the publication of this data sheet, previous editions lose their validity. Version: 02.09.2025
