### Dimensions

External dimensions:	75,2 x 58,4 x 24,5 mm
----------------------	-----------------------

### Technical details

Weight:	0,26 kg
Maximum payload:	12 kg

### Description

The hook-in adapter for the T-BOXX enables the fastening of a T-BOXX 320 or 330 to the side wall of the Globelyst4 van racking system or to a flat surface such as on the back door cladding. This is achieved by fastening two of the hook-in adapters to the carrying material and four are screwed to the floor of the T-BOXX.

Six hook-in adapters and the respective fastening materials are included in the scope of delivery.
