Insetboxenein. L-BOXX H63 G inkl. IB-Set

Material no.: 1000011148 | Matchcode: LB IBE G INKL IB | EAN code: 4045294733704

Description

The inset box insert L-BOXX H63 G includes an inset box set with 12 compartment options (the inset box set consists of: 2x inset boxes U3 H63 G including 2 dividers, 2x inset boxes 1x1 H63, 3x inset boxes 1x2 H63, 2x inset boxes 2x2 H63, 1x inset box 2x3 H63, 2x inset boxes 1x4 H63, 4x dividers IB 1x0 H63, 4x dividers IB 2x0 H63) and creates an intermediate level in the L-BOXXes 238 G or 374 G, on which small components can be stored. The precondition for this is that the lower level of the L-BOXX is equipped with a divider frame (Art No. 121017612), which acts as a support for the partition base. The entire insert, as well as individual inset boxes, can be removed from the L-BOXX at any given time. The L-BOXX thus becomes a combined small component and transport system. Tip: Fit our rigid foam lid insert into the lid of the L-BOXX (Art. No. 121014678). When it closes, it seals the top of the inset boxes, preventing the contents from becoming mixed up.
