

T-BOXX 120 load securing

Material no.: 1000021068 | Matchcode: STB 120 LASI | EAN code: 4014599172396

- » includes basic equipment for load securing in your van
- » Can be coupled with T-BOXX 320 or T-BOXX 330
- » Compatible with the ProClick system and Sortimo in-vehicle equipment
- » transparent cover
- » Content always in view

Materials & Colour

Material:	ABS PC PP Plastic high-grade steel
Colour:	Sortimo CoolGrey Sortimo Blue Transparent

Dimensions

External dimensions:	357 x 205 x 85 mm
Internal dimensions:	253 x 177 x 58 mm
Usable space:	0,045 m ²

Technical details

Weight:	1,99 kg
Maximum payload:	5 kg
Maximum lid load:	100 kg
Temperature resistance:	-30 - 80 °C
Water resistance:	IPX4 - Protection against splash water

T-BOXX 120 load securing

Material no.: 1000021068 | Matchcode: STB 120 LASI | EAN code: 4014599172396

Description

The T-BOXX 120 contains basic equipment for load securing in your van. Using the integrated ProClick hook, the T-BOXX 120 can be placed at various locations on the van racking system or in the vehicle. The load securing elements included are therefore quickly available and ready for use.

Contents:

- 2x ProSafe lashing straps with ratchet turn buckle 3.5 m
- 2x ProSafe lashing straps with clamping lock 3 m
- 4x anti-rattle mats 200x100x8 mm for pallet feet
- 4x Flex edge profiles for lashing straps
- 1x load securing information flyer

ProSafe lashing straps are compatible with Sortimo van racking systems and with the vehicle manufacturer's original lashing points.

The anti-rattle mats can be placed under your cargo to increase the friction between the load and the floor, crucially important especially with friction-locked load securing.

The use of edge profiles protects lashing straps from damage and premature wear. They can be positioned between the cargo and lashing strap when lashing to prevent the strap from chafing or cutting into the cargo.

An information flyer with useful practical tips on load securing is included, essential as reference in every vehicle.
