Insetboxes insert L-BOXX H63 G

Material no.: 1000011089 | Matchcode: LB IBE G | EAN code: 4045294731946

	Material no.	Description	Matchcode	EAN code
	6000010908	Insetbox 2x6 H63	IB 2X6 H63	4045294730208

Description

The L-BOXX H63 G partition base creates even more order and maximum use of the BOXX's volume. Inserting one into an L-BOXX 238 G or L-BOXX 374 G creates a partition layer on which inset boxes can be arranged.
The prerequisite for this is that the L-BOXX has a divider frame at the bottom, which acts as a support for the partition base. The insert can be completely individually fitted with inset boxes with a height of 63 mm. Please note that an inset box U3 H63 G is needed on both the right and left. The entire insert, as well as individual inset boxes, can be removed from the L-BOXX at any given time. The L-BOXX thus becomes a combined small component and transport system.
Tip: Fit our rigid foam lid insert to the lid of the L-BOXX. When it closes, it seals the top of the inset boxes, preventing the contents from becoming mixed up.
