Maximum payload:	10 kg

Description

Locking pin 1 is suitable for the secure transport of round or semi round objects such as e.g. stand pipes or hydrant wrench The freight can be quickly secured and released by means of the locking device bracket. This product is particularly durable due to its clamp and in addition protects the secured object against damage by means of its shock absorbing rubber rings. The locking pin 1 can secure objects with a dimension of up to 89 x 89 mm. As a result, creating a further element in your loading space with which your goods to be conveyed can be quickly affixed and provide for organisation.
