Description

The holder of the telescopic ladder can be mounted on the rear door, in the cargo area or on the side panel of the GL4 van racking system, and holds the telescopic ladder 3.0 m (ref. no.: 6000012526). The ladder holder is beneficial in that your ladder is securely stored and ready to hand.

Includes fastening material for attachment to the side panel of the Globelyst van racking system depth 4. The mounting material for other installation configurations in the vehicle varies according to the position and is therefore not included with delivery!

We reserve the right to make changes in the interest of technical progress, as well as correcting printing errors and mistakes. Pictures are similar, decorative material not included. With the publication of this data sheet, previous editions lose their validity. Version: 21.12.2023
