Description

The KM 330 metal case convinces with its reliable, practical and timeless organisation system. Thanks to various equipping possibilities with inset boxes, the KM 330 metal case can be completely adapted to your branch specific requirements. This means you can organise and safely store your consumables and tools as well as transporting them smoothly to the place of operation. .

Carrying comfort, practical one-hand operation with a 120 degree stop bracket on the cover and the flexibility of organisation create a high standard of work convenience. In the cover of the metal case you will find as standard a foam cover insert which prevents mixing up of the contents contained in the case as well as protecting from damages.

Using the plastic slides, the case tray or the multislide allows the metal case to be integrated in the van racking systems from Sortimo and the WorkMo Module.
