	Material no.	Description	Matchcode	EAN code
	5228000	Metal case KM 320	KM 320	4014599228000

Description

The divider set for the metal case KM 320 lets you fit out your empty metal case and sub-divide it into four segments at a later date.

The slotted dividers divide the width of the case into three compartments. The additional divider also lets you sub-divide the depth of one of these compartments. To do so, simply insert the hard plastic adapters supplied into any position in the recesses of the slotted divider and then insert the divider.

The compartments thus created provide for order and clear organisation within the metal case KM 320.

The divider set consists of:

2 x slotted dividers 309x62 mm for the metal case WM 320/321 (Ref. no. 5267641)

1 x divider 145x62 mm for the metal case WM 320/321 (Ref. no. 5267603)

2 x slotted divider adapters for the metal case WM 320/321 (Ref. no. KU100049)

5 x divider adapters for the metal case WM 320/321 (Ref. no. KU100002)

Note: The use of the dividers in the metal case KM 320 requires the divider insert 320 (Ref. no.: 49232960), if not already fitted.
