Technical details

Weight:	0,19 kg

Description

This foam insert was specially developed for the HVAC branch and serves the secure and well-arranged storage of heating burner nozzles (165 nozzles, Ø 22 mm). It therefore provides the perfect solution for safe and smooth transport of your burner nozzles and lets you recognise immediately when the stock levels start to drop. You have the required tools and supplies for work at your place of operation with foam insert in the 320 metal case, quickly to hand and with an overview. Search times are a thing of the past.

The foam insert can be integrated in all metal cases 320 or the drawer 24-6 (drawer's interior dimensions: WxDxH 42 x 32.3 x 8.6 cm) of a van racking system from Sortimo or a WorkMo Module.
