Description

Labelling card sets for S-BOXX wide 03-8, S-BOXX wide 04-9 and S-BOXX wide 05-11, contains 6 perforated labelling cards. The cards can for example be provided with article names and reference-numbers, so that you instantly recognise which articles are in the S-BOXX. Furthermore you save time when re-ordering your consumables because the Reference-number is always to hand. The labelling cards are inserted in the transparent front of the S-BOXX and therefore protected from dirt and moisture.

We reserve the right to make changes in the interest of technical progress, as well as correcting printing errors and mistakes. Pictures are similar, decorative material not included. With the publication of this data sheet, previous editions lose their validity. Version: 02.09.2025
