AluCaddy foldable

Material no.: 801014905 | Matchcode: ZCAKL | EAN code: 4045294165253

Description

You can transport your BOXXes and bulky cargo effortless and more efficiently with the foldable AluCaddy, to your desired place of operation . The AluCaddy, with a bearing load of 150 kg, is a practical aid for the daily transport of your materials.

The Caddy is made of aluminium and is thereby very sturdy and at the same time light-weighted and easy to transport. As the AluCaddy is foldable it can be stowed away in your vehicle, saving you a great deal of space. The transport system is ready for application in just a few simple steps.

The payload can be fixated to the Caddy by means of the integrated adjustable strap with a quick release fastener. There are grooves present in the cross braces of the Caddy. Regularly transported objects can be fixated with the aid of an appropriate hook-in adapter and brought to their destination without laborious hauling.
