Description

Transport your small components and tools safely and tidily to your workplace in this L-BOXX 238 G, as this L-BOXX is equipped with a divider set 4F and an inset box set with 12 compartments (the inset box set consists of: 2x inset boxes Ux6 H63 including 2 dividers, 2x inset boxes 1x1 H63, 3x inset boxes 1x2 H63, 2x inset boxes 2x2 H63, 1x inset box 2x3 H63, 2x inset boxes 1x4 H63, 4x dividers IB 1x0 H63, 2x dividers IB 2x0 H63). Individual boxes can be removed, providing maximum flexibility in your work. Individual inset boxes from the range can be combined for recurring tasks and, when required, removed from the L-BOXX and taken directly to the workplace. The L-BOXX can be subdivided by an inset box set, which offers a clear overview of your small items and consumables, ensuring they are quickly to hand, and giving you a good overview of stock levels. You have the option of removing all inset boxes at once with the inset box insert.

The divider set 4F fitted under the inset box insert subdivides the ample space in the L-BOXX 238 G into four rectangular compartments. Tools and work equipment can be securely stowed away and transported. The subdivision provides for enhanced organisation and, as a result, saves time, since there is no more need for lengthy searching.

The rigid foam lid insert seals the inset boxes, preventing the contents from becoming mixed up.
