

## Metal case KM350 empty

Material no.: 5228710 | Matchcode: MM 350 | EAN code: 4014599228710

- » Simplified working through one-handed operation
- » individually adaptable interior
- » can be integrated into all Sortimo transport solutions
- » Foam insert minimises annoying rattling noises
- » comfortable to carry

### Materials & Colour

Material:	Steel
Colour:	Blue

### Dimensions

External dimensions:	440 x 330 x 170 mm
Internal dimensions:	421 x 316 x 169 mm
Usable space:	0,133 m <sup>2</sup>

### Technical details

Weight:	3,68 kg
Maximum payload:	12 kg

#### Description

The WM 350 metal case convinces with its reliable, practical and timeless organisation system. With the optionally available divider set (article no. 49232991) the interior could be individually divided into fields. This means you can organise and safely store your consumables and tools as well as transporting them smoothly to the place of operation. Even high additional cargo, for example electrical devices like drills and angle grinders meet no limitations when it comes to functional transport. Carrying comfort, practical one-hand operation with a 120 degree stop bracket on the cover and the flexibility of organisation create a high standard of work convenience. In the cover of the metal case you will find as standard a foam cover insert which prevents mixing up of the contents contained in the case as well as protecting from damages. Using the plastic slides, the case tray or the multislide allows the metal case to be integrated in the van racking systems from Sortimo and the WorkMo Module.
