double hook for tools 90 aluminium side panel

Material no.: 6000002427 | Matchcode: WZDH 90 SBAL 3.0 | EAN code: 4045294283803

- Suitable for the aluminium side panel of the van racking system
- One handed assembly without tools
- Hook length approx. 75 mm

Materials & Colour

Material(s):	PA6, high-grade steel
Color:	Anthracite

Dimensions

External dimensions:	150 x 135 x 37 mm

Technical details

Weight:	0,03 kg

Description

The hook made of sturdy, glass fibre reinforced plastic is designed specifically to fit the new slotted holes of the aluminium side panel of the van racking system. The hook clamps automatically into the punched out holes of the Sortimo aluminium side panel and can be simply mounted or rather demounted with one hand - without any tools. The double hook for tools 90 was specifically developed for the dynamic load in a vehicle. The two hooks have a length of approx. 75 mm each. As a result, you can hang up various tools and supplies for work onto the aluminium side panel of the van racking system, which on the one hand has the benefit that these are tidied away quickly but on the other hand, are quickly accessible without even having to enter the vehicle.
