Description

This Jumbo-Unit features one drawer in height 8 (internal height 106,6 mm) and one drawer in height 10 (internal height 140,6 mm). We recommend installing the Jumbo-Unit on a Sortimo installation floor. There is therefore no need for drill holes to be made into the chassis of the vehicle. A matching installation kit is available under article number 1000005115. Alternatively, the XL drawer can also be screwed directly to the chassis of the vehicle. To do this, installation kit 1000005118 is required. Please observe the vehicle manufacturer's instructions.
